Previa convocatoria del Presidente, el Tribunal calificador se constituirá, con asistencia del Presidente y el Secretario o, en su caso, de quienes les sustituyan y de la mitad al menos de sus miembros titulares o suplentes.

Una vez constituido el órgano de selección, para actuar válidamente se requerirá la presencia del Presidente y el Secretario, o en su caso, de quienes les sustituyan y la de la mitad, al menos, de sus miembros titulares o suplentes.

La suplencia del Presidente del Tribunal calificador se autorizará por la Secretaría General de Educación; la de los Vocales, por el Presidente del Tribunal que haya de actuar, debiendo recaer sobre alguno de los vocales suplentes que figure en la resolución que los haya nombrado.

El Presidente solo procederá a la sustitución de un integrante del Tribunal por causas médicas, cuando tal circunstancia esté informada favorablemente por los correspondientes servicios de Inspección Médica de Educación.

Si llegado el momento de actuación del Tribunal éste no hubiera podido constituirse pese a haberse acudido al procedimiento previsto, la Secretaría General de Educación queda facultada para la adopción de las medidas oportunas necesarias a fin de garantizar el derecho de los aspirantes a la participación en el proceso selectivo.

### **5.8. Funciones del órgano de selección.**

Corresponde al Tribunal calificador, una vez constituido, las siguientes funciones:

- La determinación de los criterios de actuación del Tribunal.
- El desarrollo del proceso selectivo de acuerdo con lo que dispone la convocatoria.
- La calificación de los distintos ejercicios que componen la prueba de la fase de oposición.
- La valoración definitiva de los méritos de la fase de concurso.
- La agregación y, en su caso, la ponderación de las puntuaciones de la fase de concurso y de la fase de oposición.
- La elaboración y corrección de la prueba de desempate a que se refiere el apartado 6.10.2.
- La ordenación de los aspirantes y la elaboración de las listas de los aspirantes que hayan superado ambas fases.
- La elaboración y publicación de la lista definitiva de los aspirantes seleccionados, así como su elevación al órgano convocante.
- Las demás funciones que les atribuyan la normativa vigente y la presente convocatoria.

En el desarrollo del proceso selectivo, el Tribunal resolverá las dudas que pudieran surgir en aplicación de las bases de la convocatoria, así como lo que se deba hacer en los casos no previstos.

En el ejercicio de sus funciones y con anterioridad al comienzo de la fase de oposición, el Tribunal hará públicos los criterios de actuación y evaluación que, en su caso, establezca.

**5.9. Asesores especialistas y ayudantes técnicos. Observadores sindicales.**

5.9.1. El Tribunal podrá proponer a la Secretaría General de Educación la incorporación a sus trabajos de asesores especialistas y ayudantes. Será función de los primeros el asesoramiento de los miembros del órgano de selección en la evaluación de los conocimientos y méritos objeto de su especialidad. Los ayudantes colaborarán con estos órganos mediante la realización de las tareas técnicas de apoyo que éstos les asignen. En su actividad, unos y otros se limitarán al ejercicio de sus respectivas competencias y deberán tener la capacidad profesional propia de la función para la que sean designados.

La persona titular de la Secretaría General de Educación, a la vista de las propuestas realizadas por el Tribunal, resolverá sobre la procedencia o no de designar asesores y ayudantes, dictando en el caso de que proceda, el correspondiente nombramiento.

5.9.2. Podrán, a iniciativa de cada Central Sindical, estar presentes durante el proceso selectivo, en calidad de observadores, un representante de cada una de las Centrales Sindicales con representación en la Mesa Sectorial de Personal Docente no Universitario.

**5.10. Funciones encomendadas a otros órganos de la administración.**

La asignación de la puntuación que corresponda a los aspirantes de acuerdo con el baremo recogido como anexo I de la presente resolución, será realizada por la comisión de baremación a la que se alude en la base 6.9.4, que realizará por delegación del Tribunal las labores materiales y puramente regladas de la aplicación del baremo, aportando al Tribunal los resultados de su actuación y, una vez informadas, en su caso, las reclamaciones interpuestas contra la resolución provisional de la valoración de dichos méritos.

Esta comisión de baremación se encargará igualmente del estudio y valoración del cumplimiento de los requisitos de participación por parte de los aspirantes.

Sus integrantes serán designados mediante resolución de la Secretaría General de Educación.

**5.11. Vinculación a la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas.**

El procedimiento de actuación de los órganos de selección se ajustará en todo momento a lo dispuesto en la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas.

**5.12. Garantía de igualdad de oportunidades para los aspirantes con discapacidad.**

El Tribunal encargado del proceso selectivo juzgará también a los aspirantes del turno de acceso de personas con discapacidad. En todo caso el Tribunal realizará convocatorias diferenciadas para los aspirantes del turno de acceso libre y del turno de acceso de personas con discapacidad resolviendo de modo independiente ambos sistemas de acceso.

El Tribunal adoptará las medidas precisas para la realización de los ejercicios por los aspirantes con discapacidad, organizando las adaptaciones de tiempo y medios necesarias y solicitadas por aquéllos, siempre que éstas no sean incompatibles con el normal desempeño de la función inspectora, y sin que en ningún momento supongan desnaturalización del contenido de la prueba.

En materia de adaptaciones serán aplicables los criterios establecidos en la Orden PRE/1822/2006, de 9 de junio, por la que se establecen criterios generales para la adaptación de tiempos adicionales en los procesos selectivos para el acceso al empleo público de personas con discapacidad.

**5.13. Prohibición para que el Tribunal calificador declare que han superado el procedimiento más aspirantes que plazas convocadas.**

En ningún caso el Tribunal podrá declarar que han superado el proceso selectivo un número superior de aspirantes al de plazas convocadas.

Cualquier propuesta de aprobados que contravenga lo anteriormente establecido será nula de pleno derecho.

**5.14. Indemnizaciones por razón de servicio.**

De conformidad con lo establecido en el artículo 23.2 del Decreto 287/2007, de 3 de agosto, sobre indemnizaciones por razón de servicio, los órganos de selección tendrán la categoría primera.

## BASE VI

## PROCEDIMIENTO SELECTIVO DEL CONCURSO-OPOSICIÓN

**6.1. Contenido del procedimiento selectivo del concurso-oposición.**

El procedimiento selectivo, que será común para los aspirantes por el turno libre y de reserva de personas con discapacidad, constará de las siguientes fases:

- a) Fase de oposición: consistirá en una prueba en la que se valorarán los conocimientos pedagógicos, de Administración y legislación educativa adecuados a la función

inspectora, así como los conocimientos y técnicas específicos para el desempeño de la misma.

- b) Fase de concurso: se valorarán los méritos aportados de conformidad con el baremo y las especificaciones que se recogen en el anexo I de la presente convocatoria.
- c) Fase de prácticas: se valorará el ejercicio profesional de la Inspección y la realización de actividades de formación, preferentemente en las áreas específicas de trabajo, con el fin de lograr el dominio técnico y científico en el desempeño de actuaciones generalistas y especializadas.

### **6.2. Actuación de los aspirantes ante el Tribunal.**

El Tribunal hará público en la página web del Portal de Educación <https://www.educarex.es> la fecha, hora y lugar de la presentación de aspirantes para la celebración de los ejercicios o partes de la prueba, a excepción de la primera, que será convocada junto al acto de presentación.

El Tribunal realizará una convocatoria diferenciada para los participantes del turno de acceso de personas con discapacidad.

Los aspirantes serán convocados para sus actuaciones ante el Tribunal en único llamamiento, siendo excluidos de los procedimientos selectivos quienes no comparezcan, salvo en los casos de fuerza mayor debidamente justificados y apreciados por el Tribunal. La citación se realizará colectivamente para todos los aspirantes cuando la prueba deba realizarse en acto colectivo. A estos efectos, los convocados para un ejercicio colectivo deberán hacer su presentación ante el Tribunal en la fecha y hora fijadas en la citación.

Cuando se trate de pruebas individuales, todos los aspirantes convocados para cada día deberán estar presentes a la hora fijada por el Tribunal como hora de inicio de las actuaciones. En el caso de pruebas individuales, cuando un aspirante no pueda realizar la prueba en la fecha y hora fijada, por motivos de fuerza mayor que se lo impidan, el Tribunal podrá apreciar libremente estas circunstancias y, en su caso, decidirá sobre la conveniencia de diferir la realización de la misma.

Una vez comenzadas las actuaciones, los sucesivos llamamientos a los aspirantes deberán ser publicados por el Tribunal en la página web del Portal de Educación <https://www.educarex.es> con cuarenta y ocho horas, al menos, de antelación al comienzo de cada ejercicio.

### **6.3. Desarrollo del procedimiento selectivo.**

El orden de actuación de los aspirantes se iniciará alfabéticamente por aquellos cuyo primer apellido comience por la letra E de conformidad con el resultado del sorteo reali-

zado en virtud de la Resolución de 7 de febrero de 2019, de la Dirección General de Función Pública, que se hizo público por Resolución de 18 de febrero de 2019 (Diario Oficial de Extremadura, número 36, de 21 de febrero).

Si el Tribunal no cuenta con aspirantes cuyo primer apellido comience con la letra resultante del sorteo, iniciará el orden de actuación por los aspirantes cuyo primer apellido comience por la letra siguiente, y así sucesivamente.

En cualquier momento el Tribunal podrá requerir a los opositores que acrediten su identidad.

Si el Tribunal tuviera conocimiento de que alguno de los aspirantes no posee la totalidad de los requisitos exigidos por la presente convocatoria, previa audiencia al interesado, deberá proponer su exclusión a la Secretaría General de Educación, comunicándole a dicho órgano, asimismo, las inexactitudes o falsedades en que hubiera incurrido el aspirante en la solicitud de participación en el proceso selectivo, a los efectos procedentes. En este supuesto, y a expensas de lo que determine la resolución que, en su caso, se dicte por la Secretaría General de Educación, el aspirante podrá seguir participando condicionadamente en el proceso selectivo.

Contra la resolución de exclusión del aspirante podrá interponerse recurso de reposición ante la Consejera de Educación y Empleo en el plazo de un mes a contar desde el día siguiente al de su notificación, de conformidad con lo establecido en los artículos 121 y 122 de la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas.

El recurso de reposición se presentará, en su caso, en la misma dirección web de presentación de la solicitud accediendo mediante los datos de identificación.

#### **6.4. Acto de presentación.**

Con carácter previo al inicio de las pruebas se llevará a cabo un acto de presentación de los aspirantes que participen en el proceso selectivo. Dicho acto tendrá carácter personalísimo, por lo que será de asistencia obligatoria, no admitiéndose acreditaciones ni poderes de representación.

La Secretaría General de Educación hará pública en la página web <https://www.educarex.es> resolución indicando el día, hora y lugar de celebración del acto de presentación.

A este acto estarán convocados tanto los participantes del turno de acceso libre como los del turno de acceso de personas con discapacidad.

En este acto de presentación el Tribunal identificará a los aspirantes, que deberán ir provistos de Documento Nacional de Identidad o documento equivalente del país de origen, pasaporte o permiso de conducción en que aparezca la fotografía del titular;

impartirá las instrucciones precisas para el desarrollo de las fases del concurso-oposición, indicará los plazos en que se desarrollará el procedimiento, dará a conocer la sede o sedes de actuación del Tribunal, aclarará las dudas planteadas y dará las instrucciones que considere convenientes para el mejor desarrollo del proceso selectivo y cuantas cuestiones estime oportunas.

La fecha de realización del acto de presentación coincidirá con la fecha de inicio de los ejercicios que integran la fase de oposición.

Aquellos aspirantes que no asistan efectivamente al acto de presentación decaerán en sus derechos y serán excluidos del procedimiento.

### **6.5. Prueba de la fase de oposición.**

De conformidad con los artículos 44 y 45 del Real Decreto 276/2007, la fase de oposición consistirá en una prueba que constará de tres partes, que tendrán carácter eliminatorio, y cuyas características y duración se ajustarán a lo siguiente:

- a) Primera parte. Consistirá en el desarrollo por escrito de un tema referido a la parte A del temario, elegido por el aspirante de entre dos extraídos por sorteo por el Tribunal.

El tiempo para el desarrollo de este ejercicio escrito será de tres horas.

El ejercicio será leído por el aspirante ante el Tribunal. Finalizada la lectura por el aspirante, el Tribunal podrá formularle las preguntas o solicitarle las aclaraciones que estime pertinentes, durante un tiempo máximo de quince minutos.

- b) Segunda parte. Consistirá en la exposición oral de un tema referido a la parte B del temario, elegido por el aspirante de entre dos extraídos por sorteo por el Tribunal.

El aspirante dispondrá de un período de treinta minutos para la preparación de este ejercicio en el que no podrá consultar documentación alguna, ni usar en ningún caso dispositivos móviles, portátiles o similares.

A continuación tendrá lugar, durante un mínimo de veinte y un máximo de sesenta minutos, la exposición oral del tema ante el Tribunal. Para la exposición del tema el aspirante podrá disponer de un guión que no excederá de un folio por una cara, elaborado por el propio aspirante durante el periodo preparatorio mencionado en el párrafo anterior. Dicho guión será entregado al Tribunal al término de la exposición.

Concluida la exposición por el aspirante, el Tribunal podrá formularle las preguntas o solicitarle las aclaraciones que estime pertinentes, durante un tiempo máximo de quince minutos.

Solo pueden realizar esta segunda parte los aspirantes que hayan superado la primera parte de la prueba.

- c) Tercera parte. Consistirá en el análisis por escrito de un caso práctico sobre las técnicas adecuadas para la actuación de la Inspección de Educación, que será propuesto por el Tribunal.

El tiempo para el desarrollo de este ejercicio escrito será de tres horas.

En la realización del mismo el aspirante no podrá consultar documentación alguna.

En ningún caso podrán utilizarse dispositivos móviles, ordenadores portátiles o similares.

El ejercicio será leído por el aspirante ante el Tribunal. Finalizada la lectura por el aspirante, el Tribunal podrá formularle las preguntas o solicitarle las aclaraciones que estime pertinentes, durante un tiempo máximo de quince minutos.

Solo pueden realizar esta tercera parte los aspirantes que hayan superado la segunda parte de la prueba.

#### **6.6. Temarios.**

El temario de la fase de oposición será el establecido en las partes A y B (anexos I y II, respectivamente), de la Orden EDU/3429/2009, de 11 de diciembre, por la que se aprueba el temario de la fase de oposición del procedimiento selectivo de acceso al Cuerpo de Inspectores de Educación.

#### **6.7. Valoración de la prueba.**

El Tribunal calificará cada una de las partes de la prueba de cero a diez puntos y hará públicas dichas puntuaciones, especificando los aspirantes que las han superado. Se entenderá superada la parte de que se trate si se alcanza en ella una puntuación de 5 puntos o más.

El Tribunal publicará en la página web <https://www.educarex.es> todas las calificaciones en listas diferenciadas para los aspirantes del turno de acceso libre y los del turno de acceso de personas con discapacidad.

La puntuación de cada aspirante en cada una de las partes de la prueba de la fase de oposición será la media aritmética de las calificaciones de todos los miembros presentes del Tribunal. Cuando entre las puntuaciones otorgadas por los miembros del Tribunal exista una diferencia de tres o más enteros, serán automáticamente excluidas las calificaciones máxima y mínima, hallándose la puntuación media entre las calificaciones restantes. Solo se excluirán, en su caso, una calificación máxima y otra mínima.

Las actas de calificaciones deberán recoger las notas otorgadas a cada uno de los opositores por cada uno de los integrantes del Tribunal.

En cada una de las partes de la fase de oposición la puntuación de cada aspirante deberá concretarse, en su caso, hasta las diezmilésimas.

Contra las puntuaciones obtenidas en cada una de las tres partes de la prueba de la fase de oposición los interesados podrán presentar, en la misma dirección web de presentación de la solicitud de participación, reclamación dirigida al Tribunal, en el plazo de dos días hábiles a contar desde el día siguiente al de su publicación. El Tribunal revisará si ha existido error material o de hecho, de transcripción o aritmético en sus puntuaciones, y procederá a efectuar las modificaciones que, en su caso, correspondan. Una vez resueltas las reclamaciones, serán contestadas por el Tribunal mediante resolución motivada, que se notificará al interesado como se indica en la base 1.3, y se harán públicas las puntuaciones definitivas de cada parte.

Los aspirantes podrán interponer, en la misma dirección web de presentación de la solicitud de participación, recurso de alzada ante la Secretaría General de Educación en el plazo de un mes, a contar desde el día siguiente al de su publicación, de conformidad con lo establecido en los artículos 121 y 122 de la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas.

Para superar la prueba se deberá obtener, en cada una de las partes de la misma, al menos cinco puntos, siendo la calificación final el resultado de ponderar en un 40 % la puntuación obtenida en la parte tercera y en un 30 % la obtenida en cada una de las otras dos partes.

#### **6.8. Listas de aspirantes que han superado la prueba.**

Finalizada la prueba de la fase de oposición, el Tribunal expondrá en la página web <https://www.educarex.es> la relación de los participantes con la calificación final provisional alcanzada por cada uno de ellos. Esta lista especificará los aspirantes que hayan superado la fase de oposición, ordenados por puntuación decreciente, una vez ponderadas las tres partes de la misma. En ella se indicará también si el aspirante ha participado por el turno de ingreso libre o el turno de reserva para discapacitados.

Únicamente a aquellos aspirantes que hayan superado la fase de oposición se les sumará la puntuación obtenida en la fase de concurso, a fin de obtener la correspondiente puntuación global.

Contra las puntuaciones finales de la fase de oposición los interesados podrán presentar, en la misma dirección web de presentación de la solicitud de participación, reclamación dirigida al Tribunal, en el plazo de dos días hábiles a contar desde el día siguiente al de su publicación. El Tribunal revisará si ha existido error material o de hecho, de transcripción o aritmético en sus puntuaciones, y procederá a efectuar las modificaciones que, en su caso, correspondan. Una vez resueltas las reclamaciones y contestadas por el Tribunal mediante resolución motivada, que se notificará al interesado como se indica en la base 1.3, el Tribunal publicará en la página web <https://www.educarex.es> la relación con las calificaciones finales definitivas obtenidas por los aspirantes en la prueba.

Los aspirantes podrán interponer, en la misma dirección web de presentación de la solicitud de participación, recurso de alzada ante la Secretaría General de Educación en el plazo de un mes, a contar desde el día siguiente al de su publicación, de conformidad con lo establecido en los artículos 121 y 122 de la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas.

### **6.9. Fase de concurso.**

#### 6.9.1. Pautas generales.

Únicamente se valorará la fase de concurso a los aspirantes que hayan superado la prueba de la fase de oposición.

De conformidad con lo dispuesto en el anexo I de esta resolución, así como en el anexo III del Real Decreto 276/2007, de 23 de enero, en la fase de concurso se valorará la trayectoria profesional del aspirante, el ejercicio como Inspector accidental, el ejercicio de cargos directivos y de coordinación didáctica, así como la preparación científica y didáctica y otros méritos.

En esta fase se valorarán los méritos que hayan sido acreditados por los aspirantes o incorporados de oficio por la Administración autonómica.

Se tendrán en cuenta, exclusivamente, los méritos perfeccionados hasta la fecha de finalización del plazo de presentación de solicitudes y que consten acreditados documentalmente conforme a lo dispuesto en la presente convocatoria.

Deberán traducirse al castellano los documentos que, redactados en la lengua oficial de una Comunidad Autónoma, deban surtir efectos fuera del territorio de esa comunidad. En caso de ausencia de la traducción al castellano no será valorado este documento.

Los documentos expedidos en el extranjero deberán ser oficiales, suscritos por autoridades competentes, legalizados por vía diplomática y acompañados, en su caso, de su correspondiente traducción al castellano, realizada por traductor jurado.

#### 6.9.2. Documentación acreditativa de los méritos.

Los aspirantes seleccionados deberán acreditar junto con la solicitud de participación, en la forma indicada en la base 3.3, todos los requisitos y méritos alegados, excepto aquellos que se incorporen de oficio por la Administración autonómica.

Los aspirantes que superen el concurso-oposición deberán aportar la documentación en los términos establecidos en la base VIII.

#### 6.9.3. Incorporación de méritos de oficio.

La incorporación de oficio por la Secretaría General de Educación de la puntuación de la fase de concurso en este procedimiento selectivo se realizará de conformidad con lo que se indica en esta base.

En este procedimiento se incluirán de oficio los méritos indicados en el apartado 3.3 en relación con el anexo I de la presente convocatoria.

#### 6.9.4. Valoración de la fase de concurso.

La asignación de la puntuación que corresponda a los aspirantes del procedimiento selectivo, según el baremo recogido en el anexo I de la presente convocatoria, se llevará a cabo por una comisión de baremación que realizará esta valoración en nombre del órgano de selección, aportando al mismo los resultados que obtenga. Su designación corresponde a la Secretaría General de Educación.

De conformidad con lo establecido en el artículo 23.2 del Decreto 287/2007, de 3 de agosto, sobre indemnizaciones por razón de servicio, dicha comisión de baremación tendrá la categoría primera.

Las puntuaciones provisionales obtenidas en la fase de concurso se expondrán en la página de Internet <https://www.educarex.es>. En el plazo de cinco días hábiles a contar desde el siguiente al de su publicación, los interesados podrán presentar contra las mismas, en la misma dirección web de presentación de la instancia de participación, escrito de reclamación dirigido al Tribunal.

La resolución de estas alegaciones se entenderá efectuada con la publicación de la resolución del Tribunal calificador por la que se elevan a definitivas las puntuaciones de la fase de concurso. Las puntuaciones definitivas alcanzadas en esta fase se publicarán en el mismo lugar donde se publicaron las puntuaciones provisionales.

Contra las puntuaciones definitivas de la fase de concurso podrá interponerse recurso de alzada ante la Secretaría General de Educación en el plazo de un mes, a contar desde el día siguiente al de su publicación, de conformidad con lo establecido en los artículos 121 y 122 de la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas.

El recurso de alzada se presentará, en su caso, en la misma dirección web de presentación de la solicitud accediendo mediante los datos de identificación.

#### 6.9.5. Agregación de las puntuaciones obtenidas por los aspirantes en las distintas fases del proceso selectivo.

De conformidad con lo establecido en la base V de la presente convocatoria, corresponde al Tribunal calificador la agregación de las puntuaciones alcanzadas

por los aspirantes en las distintas fases del proceso selectivo, la ordenación de los mismos de acuerdo con las puntuaciones totales alcanzadas y la declaración de los que hayan superado este procedimiento.

### **6.10. Superación del concurso-oposición.**

#### 6.10.1. Procedimientos de turno libre y reserva de discapacidad.

Para la obtención de la puntuación global, de conformidad con lo dispuesto en el artículo 47.1 del Real Decreto 276/2007, de 23 de febrero, se ponderará en dos tercios la puntuación obtenida en la fase de oposición a que se refiere el apartado 6.5 de la presente resolución y en un tercio la puntuación obtenida en la fase de concurso, resultando la puntuación global de la suma de ambas fases, una vez realizadas las ponderaciones mencionadas.

En cada uno de estos turnos superarán el concurso-oposición y resultarán seleccionados para pasar a la fase de prácticas aquellos aspirantes que, una vez ordenados según la puntuación global de las fases de oposición y concurso, obtengan un número de orden igual o menor que el número de plazas convocadas.

Las plazas asignadas al turno de reserva por discapacidad que no sean cubiertas se acumularán a las restantes convocadas del turno libre.

#### 6.10.2. Listas de aspirantes seleccionados.

De conformidad con lo establecido en la base 5.8 de la presente convocatoria, corresponde al Tribunal calificador la agregación y, en su caso, ponderación de las puntuaciones correspondientes a las distintas fases del procedimiento selectivo, la ordenación de los aspirantes de acuerdo con las puntuaciones totales alcanzadas y la declaración de los que hayan superado este procedimiento. A estos efectos, el Tribunal calificador se atenderá a lo que se dispone en los apartados siguientes:

- a) El Tribunal calificador agregará, una vez ponderadas si así procede, las puntuaciones de la fase de concurso a aquellos aspirantes que hayan alcanzado las puntuaciones mínimas exigidas en cada procedimiento, los ordenarán según las puntuaciones totales obtenidas y determinarán los aspirantes que han superado los correspondientes procesos.
- b) El Tribunal calificador no podrá dar por superado el proceso selectivo a un número de aspirantes superior al de plazas fijadas en la presente convocatoria.
- c) En el caso de que al proceder a la ordenación de los aspirantes se produjesen empates, estos se resolverán atendiendo sucesivamente a los siguientes criterios:

- 1.º) Mayor puntuación en la fase de oposición.
- 2.º) Mayor puntuación en cada una de las tres pruebas de la fase de oposición por el orden en que estos aparecen en la convocatoria.
- 3.º) Mayor puntuación en los apartados del baremo de méritos por el orden en que estos aparecen en el anexo I.
- 4.º) Mayor puntuación en los subapartados del baremo de méritos por el orden en que estos aparecen en el anexo I.

Si una vez aplicados los criterios anteriores persistiera el empate, se procederá por el Tribunal calificador a convocar a los afectados con 48 horas de antelación, para la realización de una prueba de capacitación complementaria consistente en una serie de cuestiones referidas a los temarios indicados en el apartado 6.6, para lo cual dispondrán de un máximo de 1 hora.

- d) Al proceder a determinar los aspirantes que han superado el concurso-oposición correspondiente al ingreso por el turno libre, el Tribunal calificador acumulará las plazas reservadas para el turno de discapacidad que no sean cubiertas. No obstante, en el supuesto de que un aspirante del turno de discapacidad superase los ejercicios correspondientes y no obtuviera plaza, y su puntuación total fuere superior a la obtenida por otros aspirantes del turno libre, será incluido, por orden de puntuación, en la relación de aprobados del turno libre.
- e) El Tribunal calificador, finalizadas las actuaciones a que se refieren los apartados anteriores, elaborará la lista de aspirantes seleccionados ordenada por la puntuación obtenida, indicando quiénes lo hayan hecho por el turno de discapacidad.
- f) En ningún caso podrá declararse que ha superado el concurso-oposición un número mayor de aspirantes que el de plazas convocadas. Cualquier propuesta que contravenga lo establecido anteriormente será nula de pleno derecho.
- g) El Tribunal calificador publicará en la página web <https://www.educarex.es> las listas provisionales de los aspirantes que han superado el concurso-oposición, ordenados por la puntuación obtenida.
- h) La publicación de estas listas será diferenciada para el turno de acceso libre y el turno de acceso de personas con discapacidad.
- i) Los interesados podrán presentar reclamaciones, en la misma dirección web de presentación de la solicitud de participación, ante el propio Tribunal en el plazo de dos días hábiles a contar desde el día siguiente al de su publicación

por los errores que pudieran existir. Una vez examinadas las reclamaciones que, en su caso, se presenten, el Tribunal calificador publicará en el lugar indicado anteriormente las listas definitivas de seleccionados, ordenados por la puntuación obtenida, elevando una copia de las mismas al órgano convocante.

Contra las listas de aspirantes seleccionados podrá interponerse recurso de alzada ante la Secretaría General de Educación, en el plazo de un mes, a contar desde el día siguiente al de su publicación, de conformidad con lo dispuesto en los artículos 121 y 122 de la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas.

El recurso de alzada se presentará, en su caso, en la misma dirección web de presentación de la solicitud accediendo mediante los datos de identificación.

- j) De todas las actuaciones realizadas se levantarán actas que se unirán a las listas a que se refiere el párrafo anterior.

#### BASE VII

#### ASPIRANTES QUE SUPEREN EL PROCESO SELECTIVO PARA INGRESO AL CUERPO DE INSPECTORES DE EDUCACIÓN EN DISTINTAS ADMINISTRACIONES EDUCATIVAS

Quienes superen las fases de oposición y concurso para el ingreso en el Cuerpo de Inspectores de Educación en esta y en otras convocatorias correspondientes a distintas Administraciones educativas deberán, al término de las pruebas, optar por una de ellas, renunciando a todos los derechos que pudieran corresponderle por su participación en las restantes. De no realizar esta opción, la aceptación del primer nombramiento como funcionario en prácticas del citado cuerpo se entenderá como renuncia tácita a los restantes.

La renuncia de aspirantes seleccionados a los derechos derivados del concurso-oposición implicará la selección de los siguientes aspirantes que correspondan según el orden determinado por la calificación global obtenida en el concurso-oposición.

#### BASE VIII

#### PRESENTACIÓN DE DOCUMENTOS

##### **8.1. Plazo y documentación a presentar.**

En el plazo de diez días hábiles a contar desde el día siguiente a aquel en que se hicieran públicas las listas de aspirantes que han superado el concurso-oposición,

los aspirantes seleccionados deberán presentar a la Secretaría General de Educación por cualquiera de los medios señalados en el artículo 16 de la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común de las Administraciones Públicas, los documentos siguientes:

- a) Original o fotocopia compulsada del título alegado para participar o, en su defecto, documento acreditativo del abono de los derechos para su expedición. En el caso de titulaciones obtenidas en el extranjero deberá presentarse la credencial de su homologación.
- b) Originales o fotocopias compulsadas de todos los méritos que presentaron junto con la solicitud, con objeto de que se tuviesen en cuenta en la fase de concurso. Los méritos puntuados de oficio no requerirán presentación de original ni de fotocopia compulsada, salvo que el interesado hubiese reclamado contra dicha puntuación.
- c) Declaración jurada o promesa de no haber sido separado mediante expediente disciplinario del servicio de cualquiera de las Administraciones Públicas o de los órganos constitucionales o estatutarios de las Comunidades Autónomas, ni hallarse en inhabilitación absoluta o especial para empleos o cargos públicos por resolución judicial, para el acceso al cuerpo o escala de funcionario, según el modelo que figura como anexo II a esta convocatoria.

Los aspirantes que no posean la nacionalidad española, de conformidad con el artículo 6 del Decreto 170/2002, de 17 de diciembre, deberán presentar declaración jurada o promesa de no estar sometidos a sanción disciplinaria o condena penal que impida en su Estado el acceso a la función pública,

- d) Certificado médico acreditativo de poseer la capacidad necesaria para el desempeño de las funciones inspectoras, expedido por facultativo competente y en modelo oficial.
- e) Los aspirantes que hayan hecho valer su condición de personas con discapacidad deberán presentar certificación de los órganos competentes que acredite tal condición, salvo que, en el caso de los aspirantes del turno de acceso de personas con discapacidad que sean funcionarios y funcionarias docentes dependientes de la Administración de la Junta de Extremadura, no hubiesen manifestado su oposición a que la Administración educativa la incorporara de oficio; e, igualmente, deberán presentar certificado de los citados órganos o de la Administración sanitaria competente acreditativo de la compatibilidad con el desempeño de la función inspectora.
- f) Certificación negativa del Registro Central de delincuentes sexuales, según se establece en la base 3.4.

## **8.2. Efectos de la no presentación de la documentación o de la carencia de requisitos.**

Los aspirantes que, dentro del plazo fijado, salvo casos de fuerza mayor, no presentasen la documentación exigida, o del examen de la misma se dedujera que carecen de alguno de los requisitos señalados en la base II, decaerán en todos sus derechos a ser nombrados funcionarios de carrera y quedarán anuladas sus actuaciones, sin perjuicio de la responsabilidad en que hubieran incurrido por falsedad en la solicitud inicial.

Estos casos implicarán la selección de los siguientes aspirantes que correspondan según el orden determinado por la calificación global obtenida en el concurso-oposición.

Igualmente, la Administración podrá requerir al interesado que aporte los originales de cuanta documentación haya presentado a efectos de la fase de méritos del proceso selectivo, con la finalidad de cotejar dichos originales con la documentación aportada en dicha fase. En el caso de que, como consecuencia de la comprobación de los originales, se constate que el interesado ha aportado documentación relativa a méritos que no posee, se procederá a la modificación de la puntuación de la fase de concurso con los efectos y responsabilidades que de ello se deriven.

Los aspirantes podrán recuperar la documentación original presentada en el lugar y durante el plazo que se determine, salvo la documentación necesaria para su nombramiento como funcionarios de carrera del Cuerpo de Inspectores de Educación, siempre y cuando no exista algún recurso contra el procedimiento selectivo, en cuyo caso podrá ser retenida a efectos de comprobación o prueba. Si no fuera retirada en el plazo señalado, se entenderá que el aspirante renuncia a su recuperación.

### BASE IX

#### FASE DE PRÁCTICAS

## **9.1. Asignación de destino a los aspirantes seleccionados para la realización de la fase de prácticas.**

Conforme a la propuesta de la Secretaría General de Educación, una vez comprobado que la documentación relacionada en la base anterior se ha presentado en tiempo y forma y que las personas seleccionadas cumplen los requisitos y condiciones de participación, la Dirección General de Personal Docente nombrará Inspectores de Educación en prácticas a los aspirantes seleccionados, asignándoles destino para efectuarlas de acuerdo con las necesidades del servicio, según el orden obtenido y la petición realizada. Las actividades formativas específicamente programadas para los funcionarios en prácticas tendrán carácter obligatorio para éstos.

Se creará una Comisión Calificadora de la fase de prácticas que programará las actividades de inserción en el puesto de trabajo y de formación que deberán realizar los candidatos.

El candidato será tutelado, en esta fase, por un miembro del Cuerpo de Inspectores de Educación designado por la Comisión Calificadora. Asimismo, dicha comisión será la encargada, con arreglo a los criterios que se establecen en la presente resolución, de la evaluación final que se expresará en los términos "apto" o "no apto".

Desde el momento del nombramiento de funcionarios en prácticas hasta el nombramiento como funcionarios de carrera del Cuerpo de Inspectores de Educación, el régimen jurídico-administrativo será el de funcionario en prácticas, siempre que estuvieran desempeñando un puesto en las unidades de Inspección de Educación.

### **9.4. *Duración de las prácticas.***

La duración de esta fase será de seis meses de servicios efectivos con plenitud de funciones propias del Cuerpo de Inspectores de Educación en el destino que se les adjudique.

General de Educación, deberán solicitarlo por escrito en el plazo de diez días hábiles contados a partir de la exposición por el Tribunal calificador de las listas definitivas de aspirantes seleccionados, acompañando los documentos justificativos.

El aplazamiento podrá autorizarse por un plazo máximo de un año, salvo que razones suficientemente justificadas aconsejen un aplazamiento superior que, en todo caso, no podrá ser superior a treinta meses.

### **9.6. Organización de la fase de prácticas**

En cada una de las unidades de Inspección de Educación en las que hayan obtenido destino los funcionarios en prácticas, la planificación de esta fase incluirá, al menos, los siguientes elementos:

- e) La asignación de cuantas tareas les sean encomendadas para el desarrollo específico de la función inspectora, dando relevancia a las que impliquen necesariamente el trabajo en equipo.

La organización de la fase de prácticas de los funcionarios en prácticas que obtengan destino en la Inspección General de Educación y Evaluación será la misma, para lo que se tomarán las medidas que se estimen necesarias.

### **9.7. Comisión Calificadora de la fase de prácticas.**

Se constituirá una Comisión Calificadora, nombrada por la Secretaría General de Educación e integrada por el titular de la Inspección General de Educación y Evaluación, los titulares de las unidades provinciales de Inspección de Cáceres y Badajoz y dos Inspectores de Educación, uno de cada unidad de inspección provincial.

La Comisión Calificadora deberá constituirse dentro del plazo de quince días, contados a partir del nombramiento como Inspectores de Educación en prácticas de los aspirantes seleccionados por parte de la Dirección General de Personal Docente. La constitución de la comisión no podrá tener lugar sin la presencia de todos los miembros que la integran,

salvo que concurren circunstancias especiales cuya apreciación corresponderá al titular de la Secretaría General de Educación. De tal acto de constitución se levantará el acta correspondiente.

El titular de la Secretaría General de Educación procederá a la sustitución de los miembros de esta comisión que, por causas justificadas, hayan de causar baja en la misma.

La Comisión Calificadora organizará las actividades de formación e inserción de la fase de prácticas, nombrará a los inspectores-tutores y evaluará a los aspirantes al término del proceso.

### **9.8. Designación del tutor.**

El tutor será designado por la Comisión Calificadora, preferentemente del equipo de Inspección del distrito correspondiente en que el aspirante desarrolle las prácticas, teniendo en cuenta que posean al menos cinco años de servicio, siempre que sea posible, y demuestren especial dedicación y eficiencia en el trabajo profesional.

Los tutores de los funcionarios que realicen las prácticas en la Inspección General de Educación y Evaluación serán designados por la comisión calificadora entre los miembros de las unidades de Inspección de Cáceres y Badajoz.

Las funciones del inspector-tutor consistirán en asesorar, informar y evaluar tal como se indica en el apartado siguiente al funcionario en prácticas sobre la organización y funcionamiento de la Inspección Educativa.

Al final del período de prácticas, el inspector-tutor emitirá un informe en el que exprese su valoración sobre la adecuada preparación del aspirante para llevar a cabo las funciones atribuidas al Cuerpo de Inspectores de Educación y lo remitirá a la Comisión Calificadora.

### **9.9. Actividades de inserción y formación.**

Las actividades de inserción en el puesto de trabajo consistirán en el desarrollo de actividades tuteladas por el inspector-tutor en relación con la Inspección Educativa.

Las actividades de formación serán programadas por la Comisión Calificadora, bien como actividades específicas para los aspirantes, bien dentro de la oferta general de formación.

### **9.10. Evaluación de los inspectores de educación en prácticas.**

La actuación de la Comisión de calificación se fundamentará en la valoración de los siguientes elementos:

- a) Una memoria que deberá presentar cada funcionario en prácticas al término de la fase de prácticas a la Comisión Calificadora, donde se describan las actuaciones realizadas, la autoevaluación de las mismas, los informes emitidos y los estudios que, en su caso, le hubieran sido encomendados. Asimismo, incluirá una valoración de las dificultades encontradas y de los apoyos recibidos.
- b) Los informes emitidos por los inspectores tutores y, en su caso, por los inspectores coordinadores de los equipos de distrito y por los jefes provinciales de Inspección de Educación, sobre los siguientes aspectos: la capacidad de integración en el equipo de zona, el ejercicio de sus funciones y el cumplimiento de las tareas establecidas en el Plan Provincial de Actuación y la calidad del ejercicio profesional desarrollado por cada funcionario en prácticas destinado en sus respectivas provincias.
- c) Los informes emitidos por los responsables de las actividades de formación.

Los informes del inspector-tutor se ajustarán a los modelos que establezca la Inspección General de Educación y Evaluación y se expresarán en los términos "Satisfactorio" o "No satisfactorio". En su valoración se tendrá en cuenta el informe elaborado por el funcionario en prácticas.

Al final de la fase de prácticas y como resultado de lo anterior se evaluará a cada uno de los aspirantes en términos de «apto» o «no apto».

La Comisión Calificadora no podrá redactar acta definitiva de "apto" o "no apto" sin la presencia, al menos, del Presidente y la mitad del resto de sus miembros. En todo caso, si después de constituida la Comisión, razones de fuerza mayor o causas imprevistas determinaran la imposibilidad de la comparecencia de alguno de los vocales o del mismo Presidente, habrán de ser puestos tales extremos en conocimiento del titular de la Secretaría General de Educación, que resolverá lo procedente.

La Comisión Calificadora trasladará al titular de la Secretaría General de Educación la relación de funcionarios en prácticas con la calificación obtenida.

A los aspirantes declarados "no aptos" se les remitirá por la Comisión Calificadora la resolución administrativa de declaración de "no apto" y un informe sobre aquellos aspectos con evaluación negativa que han llevado a la Comisión a emitir esta calificación. Contra la resolución por la que se declare "no apto" al aspirante podrá presentarse recurso de alzada ante el Secretario General de Educación, en el plazo de un mes a contar desde el día siguiente al de su notificación.

### **9.11. Efectos de la no superación de la fase de prácticas.**

Por la presente base se regula la conformación de una bolsa de trabajo de inspectores accidentales, con la finalidad de poder cubrir las vacantes o sustituciones que se vayan produciendo en la plantilla de la Inspección de Educación, de conformidad con lo establecido en el apartado vigésimo sexto 2 de la Orden Ministerial de 29 de febrero de 1996 por la que se regula la organización y funcionamiento de la Inspección de Educación.

Por resolución de la Secretaría General de Educación se publicará la relación ordenada de integrantes de la bolsa de trabajo de inspectores accidentales derivada del presente proceso selectivo.

En la bolsa de trabajo se integrarán aquellos aspirantes que, sin haber aprobado el proceso selectivo, hayan superado, al menos, el primer ejercicio de la prueba de la fase de oposición y hayan solicitado expresamente su inclusión en esa bolsa en la solicitud de participación.

Los aspirantes que habiendo participado por el turno de personas con discapacidad formen parte de la correspondiente bolsa de trabajo tendrán prioridad para cubrir como accidentales un número de plazas igual a las no cubiertas, en su caso, en dicho turno en el proceso selectivo.

**12.2. Confección de la bolsa de inspectores accidentales.**

Se confeccionará una bolsa única, con listas diferenciadas para los aspirantes del turno de acceso libre y los del turno de acceso de personas con discapacidad, divididas ambas en tres apartados:

- Apartado A: estará integrado por los aspirantes que hayan superado la prueba de la fase de oposición del procedimiento de acceso convocado por la presente resolución y no hayan superado el proceso selectivo (no seleccionados).
- Apartado B: estará integrado por los aspirantes que, habiendo superado las dos primeras partes de la prueba, no han superado la tercera parte.
- Apartado C: estará integrado por los aspirantes que, habiendo superado la primera parte de la prueba, no han superado la segunda parte.

Los integrantes del apartado A tendrán prioridad sobre los del apartado B en cuanto a la adjudicación de puestos de inspector accidental y estos a su vez sobre los del apartado C.

En todo caso, se tendrán en cuenta las preferencias en cuanto a provincia de desempeño del puesto de inspector accidental expresadas por los interesados en la solicitud de participación.

### **12.3. Criterios de ordenación de la lista de aspirantes a inspectores accidentales.**

La ordenación de los aspirantes de las listas se realizará de modo independiente en los tres apartados, conforme a lo dispuesto a continuación:

- En el apartado A, los incluidos en dicho apartado se ordenarán por la calificación global obtenida en el proceso selectivo, resultante de la agregación de las puntuaciones obtenidas en las fases de oposición y concurso ponderadas conforme a lo establecido en la Base 6.10 de esta convocatoria. En caso de igualdad en la puntuación, para determinar el orden dentro de este apartado, se atenderá a los siguientes criterios de desempate:
  - a) Mayor puntuación en la fase de oposición.
  - b) Mayor puntuación en cada uno de los ejercicios que constituyen la prueba de la fase de oposición por el orden en que estos aparecen en la convocatoria.
  - c) Mayor puntuación en la fase de concurso.
  - d) Mayor puntuación en los apartados del baremo de méritos por el orden en que estos aparecen en la convocatoria.
  - e) Mayor puntuación en los subapartados del baremo de méritos por el orden en que estos aparecen en la convocatoria.
  - f) La letra inicial del primer apellido resultante del sorteo realizado por la Dirección General de Función Pública para determinar el orden de actuación de los aspirantes en las pruebas selectivas a celebrar en 2019.
- En el apartado B, los incluidos en dicho apartado se ordenarán por la suma de las calificaciones obtenidas en las tres partes de la prueba. En caso de igualdad en la puntuación, para determinar el orden dentro de este apartado, se atenderá a los siguientes criterios de desempate:
  - a) Mayor puntuación en cada uno de los ejercicios que constituyen la prueba de la fase de oposición por el orden en que estos aparecen en la convocatoria.
  - b) La letra inicial del primer apellido resultante del sorteo realizado por la Dirección General de Función Pública para determinar el orden de actuación de los aspirantes en las pruebas selectivas a celebrar en 2019.
- En el apartado C, los incluidos en dicho apartado se ordenarán por la suma de las calificaciones obtenidas en las dos partes de la prueba. En caso de igualdad en la

puntuación, para determinar el orden dentro de este apartado, se atenderá a los siguientes criterios de desempate:

- a) Mayor puntuación en cada uno de los ejercicios que constituyen la prueba de la fase de oposición por el orden en que estos aparecen en la convocatoria.
- b) La letra inicial del primer apellido resultante del sorteo realizado por la Dirección General de Función Pública para determinar el orden de actuación de los aspirantes en las pruebas selectivas a celebrar en 2019.

Durante el tiempo de vigencia de la bolsa se mantendrá su composición, ordenación y puntuación iniciales, salvo que exista renuncia expresa de los interesados, y con las excepciones previstas en la siguiente base para los casos de renuncia o no aceptación de los puestos ofertados.

La gestión de la bolsa se realizará por la Dirección General de Personal Docente, en el ejercicio de las funciones y competencias que tiene asignadas.

#### **12.4. Adjudicación y renuncia o no aceptación de puestos ofertados.**

La Dirección General de Personal Docente establecerá anualmente el procedimiento de adjudicación de los puestos vacantes o de sustitución que deban cubrirse con los integrantes de la bolsa de trabajo, que estarán obligados a incorporarse al puesto asignado en el plazo que se les indique en la comunicación respectiva.

Los nombramientos como inspectores accidentales se efectuarán en régimen de comisión de servicios por el tiempo que corresponda.

La no aceptación de una plaza ofertada conllevará la exclusión del aspirante de la bolsa de inspectores accidentales, salvo que se acredite de forma justificada la causa de la no aceptación.

El aspirante que, habiéndose incorporado a un puesto de trabajo, renuncie al mismo o, habiendo sido nombrado, no se incorpore, será excluido de la lista, salvo que la renuncia o la no incorporación se deban a alguna causa justificada.

Los funcionarios en quienes concurra alguna de las causas señaladas anteriormente mantendrán el lugar que les corresponde por su puntuación en la bolsa de inspectores accidentales, mientras esta permanezca vigente.

La no aceptación, renuncia o no incorporación al puesto ofertado por otras causas distintas de las señaladas anteriormente, debidamente justificadas en tiempo y forma y apreciadas por la Dirección General de Personal Docente, conllevará el pase del aspirante al final del apartado que ocupa en la bolsa.

### **12.5. Desempeño de puestos por inspectores accidentales**

Al finalizar cada curso escolar, el inspector jefe correspondiente emitirá un informe de valoración de la función inspectora de aquellos inspectores accidentales que la hubieran desempeñado durante al menos tres meses. La valoración se expresará en los términos "favorable" o "desfavorable".

En el caso de que la valoración sea desfavorable, esta ha de ser motivada y se notificará al inspector afectado, dándole un plazo de diez días para la presentación de alegaciones. Recibidas las alegaciones o transcurrido el plazo sin haberlas presentado, si el inspector jefe mantiene la valoración desfavorable, la ratificará en un nuevo informe que remitirá, junto a las alegaciones del interesado, a la Secretaría General de Educación, que hará la propuesta que corresponda a la Dirección General de Personal Docente en relación con la exclusión del inspector objeto de valoración de la bolsa de trabajo de inspectores accidentales.

**Artículo 7. Criterios de valoración y ponderación para el otorgamiento de la ayuda.**

Las solicitudes de ayuda se clasificarán conforme a la puntuación resultante de aplicar los criterios de preferencia y puntos asignados a los mismos que a continuación se establecen:

1. Que la titularidad de la explotación corresponda al joven agricultor o agricultora que se haya instalado por primera vez dentro de los cinco años anteriores a la presentación de la solicitud de ayuda a planes de mejora acogida al presente decreto. 12 puntos.
2. Según la ubicación de la explotación:
  - En zona de montaña. 12 puntos.
  - En zonas con limitaciones naturales significativas y específicas. 10 puntos.
  - En el resto de zonas. 8 puntos.

Para la asignación de la puntuación recogida en este criterio es necesario que toda la explotación se encuentre en la zona calificada como de montaña o con limitaciones naturales significativas y específicas.

3. Solicitudes promovidas por explotaciones de titularidad compartida. 5 puntos.
4. Solicitantes que hayan realizado, en el año anterior a la convocatoria, nuevas implantaciones de cultivos perennes y que generen 2 UTAS con dichos cultivos. 8 puntos.
5. Según la inversión a realizar hasta un máximo de 10 puntos:
  - a. Exclusivamente la implantación de cultivos perennes. 10 puntos.
  - b. Exclusivamente la realización de otras inversiones inmuebles diferentes a la implantación de cultivos perennes. 8 puntos.
  - c. Combinen la implantación de cultivos perennes con la realización de otras inversiones inmuebles. 10 puntos.
  - d. Para cumplir con nuevos requisitos impuestos por la normativa europea. 10 puntos.

- e. Inversiones destinadas a explotaciones en reconversión de tabaco Burley. 10 puntos.
- f. Inversiones en explotaciones ganaderas afectadas por zoonosis grave. 10 puntos.
- 6. Explotaciones de agricultura ecológica. 8 puntos.

- 9. Explotaciones con calificación de "Empresa Socialmente Responsable" o titulares de explotaciones integrados como socios de Cooperativas Agroalimentarias o Entidades asociativas Prioritarias. 4 puntos.
- 10. Inversión que genere 20 UTAs 3 puntos, por UTA adicional 1 punto hasta un máximo de 5 puntos.

Para que una solicitud de ayuda sea subvencionable deberá alcanzar una puntuación mínima de 23 puntos, para asegurar la calidad de las actuaciones a financiar.

En caso de que varias solicitudes alcanzasen una misma puntuación, una vez aplicados los criterios de selección de operaciones, para determinar el orden entre ellas se elegirá la solicitud de mayor puntuación parcial obtenida conforme al siguiente orden:

- 1. Que el titular de la explotación se haya instalado como joven agricultor por primera vez dentro de los cinco años anteriores a la presentación de la solicitud de ayuda a planes de mejora.
- 2. Según la ubicación de la explotación:
- 3. Solicitudes promovidas por explotaciones de titularidad compartida.
- 4. Solicitantes que hayan realizado, en el año anterior a la convocatoria, nuevas implantaciones de cultivos perennes y que generen 2 UTAS con dichos cultivos.
- 5. Según la inversión a realizar.
- 6. Explotaciones de agricultura ecológica.
- 7. Explotaciones cuyo titular sea mujer.
- 8. Ser titular, cotitular o socio de una explotación agraria prioritaria.
- 9. Explotaciones con calificación de "Empresa Socialmente Responsable" o titulares de explotaciones integrados como socios de Cooperativas Agroalimentarias o Entidades Asociativas Prioritarias.
- 10. Inversión que genere 20 UTAs.

Finalmente, si tras aplicar el criterio anterior persistiera el empate, este se deshará eligiendo aquellas que hayan obtenido puntos en un mayor número de criterios.

*ACUERDO de 30 de noviembre de 2018, de la Comisión de Urbanismo y Ordenación del Territorio de Extremadura, relativo a la modificación puntual n.º 6 (1/2018) de las Normas Subsidiarias de Planeamiento Municipal de Esparragalejo, consistente en la modificación del artículo 50 que regula las condiciones generales (Sección 5. Condiciones estéticas y de composición de la edificación). (2019AC0010)*

La Comisión de Urbanismo y Ordenación del Territorio de Extremadura, en sesión de 30 de noviembre de 2018, adoptó el siguiente acuerdo:

Visto el expediente de referencia, así como los informes emitidos por el personal adscrito a la Dirección General de Urbanismo y Ordenación del Territorio y debatido el asunto.

De conformidad con lo previsto en el artículo 7.2.h del Decreto 50/2016, de 26 de abril, de atribuciones de los órganos urbanísticos y de ordenación del territorio, y de organización y funcionamiento de la Comisión de Urbanismo y Ordenación del Territorio, corresponde el conocimiento del asunto, al objeto de resolver sobre su aprobación definitiva, a la Comisión de Urbanismo y Ordenación del Territorio de Extremadura.

Las competencias en materia de urbanismo y ordenación del territorio se encuentran actualmente asignadas a la Consejería de Medio Ambiente y Rural, Políticas Agrarias y Territorio, mediante Decreto del Presidente 21/2017, de 30 de octubre, por el que se modifican la denominación, el número y las competencias de las Consejerías que conforman la Administración de la Comunidad Autónoma de Extremadura.

Por Decreto 181/2017, de 7 de noviembre, se estableció la estructura orgánica básica de la Administración de la Comunidad Autónoma de Extremadura, atribuyéndose a la actual Dirección General de Urbanismo y Ordenación del Territorio el ejercicio de esta competencia, así como la de asegurar el funcionamiento de la Comisión de Urbanismo y Ordenación del Territorio de Extremadura.

Así mismo, la disposición adicional primera del citado Decreto 181/2017 indica que "las referencias del ordenamiento a los órganos suprimidos, se entenderán realizadas a los que en esta misma norma se crean, los sustituyen o asumen sus competencias".

Puesto que Esparragalejo no dispone de Normas Subsidiarias de Planeamiento Municipal adaptadas u homologadas a la ordenación estructural del artículo 70.1.1 de la Ley 15/2001 (LSOTEX), hasta tanto dicha homologación se produzca, la competencia de aprobación definitiva del planeamiento radicará, en todo caso, en dicho órgano de la Junta de Extremadura.

Cualquier innovación de las determinaciones de los planes de ordenación urbanística deberá ser establecida por la misma clase de plan y observando el mismo procedimiento seguido para la aprobación de dichas determinaciones (artículo 80 de la LSOTEX).

Respecto del asunto epigrafiado, se ha seguido el procedimiento para su aprobación previsto en los artículos 77 y siguientes de la Ley 15/2001, de 14 de diciembre, del Suelo y Ordenación Territorial de Extremadura (LSOTEX).

Sus determinaciones se han adaptado a las limitaciones contenidas en el artículo 80.2 de la LSOTEX. Sin perjuicio de que para los nuevos desarrollos urbanísticos previstos por el planeamiento general sobre los que aún no se hubiera presentado consulta de viabilidad alguna, sus propuestas deban adaptarse íntegramente al nuevo régimen jurídico y a los nuevos estándares mínimos previstos en el artículo 74 de la Ley 10/2015, de 8 de abril, DOE de 10-4-15 (disposición transitoria primera de la Ley 9/2010, de 18 de octubre, de modificación de la LSOTEX, DOE de 20-10-10).

En su virtud, esta Comisión de Urbanismo y Ordenación del Territorio de Extremadura, vistos los preceptos legales citados y demás de pertinente aplicación,

#### ACUERDA :

1. Aprobar definitivamente la modificación puntual n.º 6 (1/2018) de las Normas Subsidiarias de Planeamiento Municipal epigrafiada.
2. Publicar, como anexo I a este acuerdo, la normativa urbanística afectada resultante de la aprobación de la presente modificación.

Por otro lado, y a los efectos previstos en el artículo 79.2 de la Ley 10/2015, de 8 de abril, de modificación de la LSOTEX (DOE de 10-04-2015), a esta resolución (que también se publicará en la sede electrónica de la Junta de Extremadura), se acompañará un anexo II contemplativo de un resumen ejecutivo (formato "Word"), en el que, con la identificación de la Empresa o técnico redactor del proyecto y su correspondiente cualificación empresarial o profesional, se recojan las características esenciales de la nueva ordenación, junto con un extracto explicativo de sus posibles aspectos ambientales.

Como anexo III se acompañará certificado del Jefe de Sección de Gestión de Planeamiento y Territorial y Secretario de la CUOTEX, en el que se hará constar la fecha y n.º de inscripción con la que se ha procedido al depósito previo del documento aprobado en el Registro de Instrumentos de Planeamiento Urbanístico y de Ordenación Territorial dependiente de esta Consejería (artículo 79.1.f de la Ley 10/2015, de 8 de abril, de modificación de la LSOTEX).

Contra este acuerdo que tiene carácter normativo no cabe recurso en vía administrativa (artículo 112.3 de la Ley 39/2015, de 1 de octubre, del Procedimiento Administrativo Común

de las Administraciones Públicas), y solo podrá interponerse recurso contencioso-administrativo ante la Sala de igual nombre del Tribunal Superior de Justicia de Extremadura en el plazo de dos meses contados desde el día siguiente a su publicación (artículo 46 de Ley 29/1998, de 13 de julio, reguladora de la Jurisdicción Contencioso-Administrativa).

Mérida, 30 de noviembre de 2018.

El Secretario,

JUAN IGNACIO RODRÍGUEZ ROLDÁN

V.º B.º

La Presidenta,

EULALIA ELENA MORENO DE ACEVEDO YAGÜE

## ANEXO I

Como consecuencia de la aprobación definitiva de la modificación arriba señalada por acuerdo de la Comisión de Urbanismo y Ordenación del Territorio de fecha 30 de noviembre de 2018, se modifica el artículo 50 "Condiciones Generales" para definir de una manera más precisa las condiciones estéticas y de composición de la edificación sobre Suelo Urbano, quedando en las Normas Subsidiarias de Planeamiento como sigue:

### **Artículo 50. Condiciones generales.**

Las condiciones estéticas y de composición de la edificación podrán establecerse o precisarse en cada área normativa definida en estas normas.

En su defecto, las condiciones estéticas y de composición de la edificación se ajustarán a las establecidas en esta Sección.

#### 1. Cubiertas.

- Las cubiertas serán inclinadas hacia la fachada principal, con recogida de aguas oculta o mediante bajantes o canalones de zinc. Tendrán una pendiente máxima del 35 % y la cubrición se realizará preferiblemente con teja árabe, en colores rojizos. Los bajantes verticales de recogida de aguas de cubierta deberán discurrir ocultos tras el cerramiento de la edificación conectándose a la red enterrada de evacuación del edificio y de ahí a la red municipal.
- Se admiten cubiertas planas, que no serán visibles desde la vía pública, para ello, se dispondrá obligatoriamente de un peto ciego en todos sus linderos de fachada y medianeros.
- En el caso de edificaciones que gocen de algún nivel de protección la idoneidad de ejecutar una cubierta plana se valorará de acuerdo al nivel de protección asignado, teniendo en cuenta su incidencia sobre los valores y los aspectos formales y estructurales por los que se protege el edificio. En cualquier caso la cubierta del edificio deberá resolverse de manera mayoritaria con cubierta inclinada de teja árabe.
- En el caso de obras cuyo ámbito exclusivo sea la reforma, conservación o sustitución de la cubierta, así como en el caso de edificaciones secundarias en los espacios libres de parcela, se permitirá el uso de otras soluciones constructivas siempre que se cumplan los siguientes requisitos:
  - Que presenten acabado imitando la teja cerámica, manteniendo el color de la cubierta de la edificación principal donde se ubique, en caso de que sea una actuación parcial, o colores rojizos en cualquier caso, si es una sustitución completa.
  - Que los remates exteriores no sean visibles desde la vía pública.

A tales efectos se podrá disponer un peto macizo resolviendo la recogida de aguas tras el peto y evitando dejar visible el borde del panel.

En ningún caso se permitirá el uso de las soluciones constructivas descritas en las edificaciones que tengan algún tipo de protección.

## 2. Composición de las fachadas.

En general, tanto el diseño y solución de los elementos que definen las fachadas de las edificaciones como el despiece, textura y color de los materiales que las integran, no producirá distorsión respecto a las condiciones de composición dominantes en su área normativa y, en todo caso, en su entorno inmediato.

- Las fachadas interiores de los edificios que, como consecuencia de la composición volumétrica actual o futura de las edificaciones colindantes, pudieren resultar vistas desde los espacios públicos, o mancomunados de varias parcelas, o que supongan edificaciones aisladas o retranqueadas, se diseñarán con materiales idénticos a los de las fachadas.

- Las fachadas deberán estar en perfectas condiciones de pintura y revoco sin deterioros, con colores y materiales que no desentonen del conjunto.
- Los huecos, tanto en portales como en balcones y ventanas, se proporcionarán de acuerdo con los módulos tradicionales, permitiéndose balcones con barandilla metálica, no admitiéndose petos o antepechos macizos.

- Las muestras situadas como elementos de coronación de edificios no serán superiores a la décima parte de la altura de edificación y deberán ejecutarse en letra suelta. ## ANEXO II

### RESUMEN EJECUTIVO

#### 1. PRESENTACIÓN.

Una vez aprobada definitivamente mediante Acuerdo de la Comisión de Urbanismo y Ordenación del Territorio de Extremadura de fecha 30 de noviembre de 2018, la modificación puntual n.º 6 de las Normas Subsidiarias de Esparragalejo, según lo expresado en el artículo 79.2 de la Ley 10/2015, de 8 de abril, de modificación de la LSOTEX se redacta a continuación Resumen Ejecutivo contemplado en el artículo 7.1.c) del mismo cuerpo legal.

Equipo redactor: Equipo de la Oficina de Gestión Urbanística, Vivienda, Arquitectura y Territorio de las Mancomunidades Vegas Bajas y Lácara - Los Baldíos.

#### 2. PLANEAMIENTO VIGENTE.

El planeamiento vigente en el municipio consiste en las Normas Subsidiarias de Planeamiento Municipal, aprobadas definitivamente el 28 de febrero de 1996 y publicadas en DOE n.º 123 de 24 de octubre de 1996. A este documento se le deben sumar las modificaciones puntuales de las Normas citadas.

#### 3. OBJETO DE LA MODIFICACIÓN PUNTUAL.

La presente modificación tiene por objeto la modificación del texto del artículo 50 de la Normativa de las NNSS de Esparragalejo, Condiciones Generales (Sección 5. Condiciones estéticas y de composición de la edificación), definiendo con mayor precisión las condiciones estéticas y de composición de la edificación (Fachadas, Cubiertas,...). Con esta modificación el Ayuntamiento persigue, por un lado, el fomento, la protección y la conservación de los valores característicos de la arquitectura rural y tradicional del municipio, y por otro la apertura a la posibilidad de regular la aplicación de nuevas soluciones constructivas que armonicen con las existentes, siendo necesario para ello definir de una manera más precisa las condiciones estéticas y de composición de la edificación.

#### 4. JUSTIFICACIÓN DE LA MODIFICACIÓN.

##### 4.1. Justificación de la modificación en relación con las determinaciones de los artículos 27 al 30 del Reglamento de Planeamiento de Extremadura y 74 de la LSOTEX.

La presente modificación no aumenta el aprovechamiento lucrativo privado de ningún terreno, no desafecta suelo de un destino público, ni descalifica terrenos destinados a viviendas sujetas a un régimen de protección, por lo que no será necesario que contemple medidas compensatorias para mantener la proporción y calidad de las dotaciones públicas (artículo 80.2 de la LSOTEX) ya que se mantienen las mismas que las establecidas en las normas. Los cambios que se producen con la modificación afectan tan sólo a la definición de las condiciones estéticas y de composición de la edificación.

4.2. Justificación de la modificación en relación con las determinaciones de los artículos 103 al 105 del Reglamento de Planeamiento de Extremadura; y 80 y 82 de la LSOTEX.

La presente innovación de planeamiento:

- No supone una alteración sustancial de la ordenación, ni desvirtúa el modelo territorial adoptado en las NNSS, por lo que, según lo expresado en los artículos 103 y siguientes del RPLANEX, y en los artículos 80 y siguientes de la LSOTEX, se redacta la presente modificación y no una revisión de las NNSS.
- No aumenta el aprovechamiento lucrativo privado de ningún terreno, no desafecta suelo de un destino público, ni descalifica terrenos destinados a viviendas sujetas a un régimen de protección. Por lo que no será necesario que contemple medidas compensatorias para mantener la proporción y calidad de las dotaciones públicas. (Artículo 80.2 LSOTEX).
- No reclasifica terrenos de suelo no urbanizable.
- No comporta diferente calificación o uso urbanístico de zonas verdes o espacios libres.
- No implica la legalización automática de actuaciones clandestinas o ilegales realizadas con anterioridad a la entrada en vigor de la modificación.
- No legaliza actuaciones urbanísticas disconformes con la ordenación territorial y urbanística en vigor.
- No recalifica parcelas cuyo uso precedente haya sido el uso docente o sanitario, elementos funcionales de las redes de infraestructura general e instalaciones adscritas a Defensa Nacional.
- No varía la densidad o la edificabilidad, por tanto no es necesario que se hagan constar en el expediente la identidad de todos los propietarios o titulares de otros derechos reales sobre las fincas afectadas durante los cinco años anteriores a su iniciación. (Art 82.6 LSOTEX).

#### 5. ARTICULADO AFECTADO POR LA MODIFICACIÓN.

La presente innovación de planeamiento conlleva la modificación del artículo 50. Condiciones generales, recogido en el Título cuarto. Régimen del suelo urbano y apto para urbanizar; Capítulo tercero: Condiciones de la edificación en suelo urbano; Sección 5. Condiciones estéticas y de composición de la edificación de la Normativa urbanística de las NNSS de Esparragalejo, cuya redacción queda como sigue:

## Artículo 50. Condiciones generales.

Las condiciones estéticas y de composición de la edificación podrán establecerse o precisarse en cada área normativa definida en estas normas.

En su defecto, las condiciones estéticas y de composición de la edificación se ajustarán a las establecidas en esta Sección.

### 1. Cubiertas.

Las cubiertas serán inclinadas hacia la fachada principal, con recogida de aguas oculta o mediante bajantes o canalones de zinc. Tendrán una pendiente máxima del 35 % y la cubrición se realizará preferiblemente con teja árabe, en colores rojizos. Los bajantes verticales de recogida de aguas de cubierta deberán discurrir ocultos tras el cerramiento de la edificación conectándose a la red enterrada de evacuación del edificio y de ahí a la red municipal.

Se admiten cubiertas planas, que no serán visibles desde la vía pública, para ello, se dispondrá obligatoriamente de un peto ciego en todos sus linderos de fachada y medianeros.

En el caso de edificaciones que gocen de algún nivel de protección la idoneidad de ejecutar una cubierta plana se valorará de acuerdo al nivel de protección asignado, teniendo en cuenta su incidencia sobre los valores y los aspectos formales y estructurales por los que se protege el edificio. En cualquier caso la cubierta del edificio deberá resolverse de manera mayoritaria con cubierta inclinada de teja árabe.

En el caso de obras cuyo ámbito exclusivo sea la reforma, conservación o sustitución de la cubierta, así como en el caso de edificaciones secundarias en los espacios libres de parcela, se permitirá el uso de otras soluciones constructivas siempre que se cumplan los siguientes requisitos:

- Que presenten acabado imitando la teja cerámica, manteniendo el color de la cubierta de la edificación principal donde se ubique, en caso de que sea una actuación parcial, o colores rojizos en cualquier caso, si es una sustitución completa.
- Que los remates exteriores no sean visibles desde la vía pública.

A tales efectos se podrá disponer un peto macizo resolviendo la recogida de aguas tras el peto y evitando dejar visible el borde del panel.

En ningún caso se permitirá el uso de las soluciones constructivas descritas en las edificaciones que tengan algún tipo de protección.

## 2. Composición de las fachadas.

En general, tanto el diseño y solución de los elementos que definen las fachadas de las edificaciones como el despiece, textura y color de los materiales que las integran, no producirá distorsión respecto a las condiciones de composición dominantes en su área normativa y, en todo caso, en su entorno inmediato.

Las fachadas interiores de los edificios que, como consecuencia de la composición volumétrica actual o futura de las edificaciones colindantes, pudieren resultar vistas desde los espacios públicos, o mancomunados de varias parcelas, o que supongan edificaciones aisladas o retranqueadas, se diseñarán con materiales idénticos a los de las fachadas.

Se admiten los zócalos y recercados de huecos. Los zócalos no podrán sobrepasar la alineación oficial invadiendo la vía pública, salvo los ya existentes con anterioridad a la aprobación de las NNSS.

Los paramentos de fachadas serán, en general, de cualquier material al uso en colores blancos o claros, pudiéndose admitir otros colores con previa autorización municipal. Las alternativas que se puedan plantear puntualmente en ciertas zonas de las fachadas como los recercados, cornisas y aleros, tenderán hacia materiales naturales como piedra, ladrillo de tejar o teja árabe.

No se permitirán los alicatados ni en fachada ni en recercados de huecos y zócalos.

Las fachadas deberán estar en perfectas condiciones de pintura y revoco sin deterioros, con colores y materiales que no desentonen del conjunto.

Los huecos, tanto en portales como en balcones y ventanas, se proporcionarán de acuerdo con los módulos tradicionales, permitiéndose balcones con barandilla metálica, no admitiéndose petos o antepechos macizos.

Las carpinterías de fachada podrán ser de cualquier material al uso, preferiblemente de colores oscuros y que no brillen, evitando la utilización del aluminio anodizado en su color.

## 3. Marquesinas y toldos.

Las marquesinas y toldos cumplirán las siguientes condiciones:

- a) Marquesinas: La permisividad de la disposición de marquesinas para la cubrición de los huecos de planta baja de las edificaciones quedará supeditada a su correcta integración en la composición del edificio en que se proyectan. El espesor en su perímetro no será superior a 0,20 metros y en ningún caso producirán vertido directo de aguas a la vía pública. Las marquesinas permitirán un paso bajo ellas de 3 metros de altura libre mínima, y su saliente máximo de la alineación oficial

será como máximo de 2 metros e inferior al de la acera menos 0,40 metros, respetando en cualquier caso el arbolado y mobiliario urbano. Las marquesinas situadas en el resto de plantas tendrán las condiciones de los cuerpos volados abiertos, salvo que carecerán de elementos de protección.

- b) Toldos: Los toldos en plantas bajas móviles permitirán un paso bajo los mismos que no será inferior a 2,50 metros y un saliente máximo de la alineación oficial de 2,50 metros e inferior al ancho de la acera menos, 0,40 metros. Los toldos móviles en plantas de pisos deberán ser homogéneos para todo el edificio. Los toldos fijos tendrán la misma consideración que las marquesinas.

#### 4. Muestras.

Se entienden por muestras los anuncios de la denominación o actividad de los locales en que se ubican, adosados a fachada o como elementos de coronación en edificios no residenciales. Su saliente máximo será de 0,15 metros y cumplirán las siguientes condiciones:

- En edificios exclusivos de uso no residencial, se admitirá su libre composición y dimensionado, en los huecos habilitados al efecto o adosados a la fachada, siempre que quede establecido en el proyecto original de la misma y, en su caso, en el proyecto reformado.
- Las muestras luminosas, además de cumplir las condiciones anteriores y las propias de la normativa técnica aplicable, deberán situarse a una altura superior a 3 metros sobre la rasante del acerado, y su autorización requerirá la previa conformidad de los titulares del derecho de propiedad o de uso de los locales con huecos situados a menos de 3 metros de distancia lateral, o 10 metros de distancia frontal, del anuncio.
- Las muestras situadas como elementos de coronación de edificios no serán superiores a la décima parte de la altura de edificación y deberán ejecutarse en letra suelta. Las muestras que por su envergadura puedan considerarse, a criterio municipal, como elementos estructurales deberán contar con el oportuno proyecto técnico justificativo de su estabilidad.

#### 5. Banderines.

Son los anuncios de la denominación o actividad del local en que se ubican, dispuestos perpendicularmente al plano de fachada. Su espesor máximo será de 0,15 metros y su instalación quedará sujeta a las siguientes condiciones:

- La altura libre desde su borde o cara inferior hasta la rasante de la acera no será menor de 2,50 metros, la altura de su extremo superior no sobrepasará la del local, y su saliente máximo será análogo al establecido para las marquesinas. En vías peatonales dicho saliente quedará referido al de los voladizos permitidos.

- En plantas de pisos únicamente podrán situarse a la altura de los antepechos, sin que obstruyan o dificulten la visibilidad desde el interior de los huecos adyacentes.
- No podrá admitirse más de un banderín por cada local independiente, quedando expresamente prohibida la instalación de los mismos en edificios y conjuntos objetos de especial protección. Los banderines luminosos, además de cumplir las condiciones anteriores y las propias de la normativa técnica aplicable, deberán situarse a una altura mínima de 3 metros sobre la rasante de la acera, y su autorización requerirá la previa conformidad de los titulares del derecho de propiedad o de uso de los locales con huecos situados a una distancia inferior a 10 metros del anuncio. Los banderines vendrán definidos en el proyecto del edificio o, en su caso, en los de adaptación del local o en los de reforma de las fachadas.

Esta modificación no conlleva la modificación de ningún plano.

#### 6. EXTRACTO EXPLICATIVO DE LOS POSIBLES EFECTOS AMBIENTALES.

La presente innovación de planeamiento no se encuentra incluida en ninguno de los supuestos previstos ni en el artículo 38 ni en el artículo 49 de la Ley 16/2015, de 23 de abril, de protección ambiental de la Comunidad Autónoma de Extremadura, ya que se trata de una modificación menor de unas normas subsidiarias que aunque afecta a suelo urbano, no supone ni la ampliación, ni modificación de las condiciones para el establecimiento de proyectos o actividades sometidos a evaluación de impacto ambiental ordinaria.

## ANEXO

Resolución de la Comisión Ejecutiva del Consorcio de la Ciudad Monumental de Mérida de fecha 12-12-2018 por la que se aprueba la modificación puntual de la normativa reguladora de la utilización de espacios monumentales gestionados por el Consorcio de la Ciudad Monumental de Mérida en relación a los requisitos para la autorización de actos no institucionales.

La Comisión Ejecutiva del Consorcio de la Ciudad Monumental de Mérida, atendiendo la petición del Ayuntamiento de Mérida, considera conveniente que los espectáculos no institucionales que se realicen en el Teatro Romano se limiten a los meses de julio, agosto y septiembre, para minimizar las labores de montaje de infraestructuras en el monumento y mantenerlo despejado de montajes el resto del año, con la consiguiente disminución del riesgo de daños a las estructuras arqueológicas por acumulación de espectáculos, quedando excluidos de esta limitación los espectáculos institucionales que puedan autorizarse, por razones de interés público.

En base a las anteriores consideraciones, se aprueba la modificación puntual de la normativa reguladora de la utilización de los espacios monumentales aprobada por esta comisión con fecha 1 de febrero de 2016, publicada en DOE n.º 141 de 2016, de 22 de junio, en lo referente a los requisitos para la autorización de actos no institucionales establecidos en el apartado 1.º, subapartado B, añadiendo un octavo requisito en los siguientes términos:

“8. Que, en caso de tratarse de un espectáculo no institucional que se pretenda realizar en el Teatro Romano de Mérida, se celebre dentro de los meses de julio, agosto o septiembre.”
